

EVault Educational Services

Key Benefits

- Flexible to meet your time and budget constraints
- Hands-on lab environment simulates a real-world environment
- Multiple modules meets needs of all students
- Gain knowledge of different platforms and applications

EVault® Educational Services provide comprehensive training classes that allow you to maximize the value of your EVault solution. Multiple offerings—from online seminars to instructor-led hands-on training at your site or ours, on various solution components—are tailored to meet your needs.

Instructor-Led Classroom Training

With instructor-lead classroom training, you have access to a hands-on lab environment and can learn about the EVault data protection solution in a simulated real-world environment. Class size is limited so you can rest assured your questions will be answered and you will gain insight from others in the class to better address data protection challenges. Four different modules are available to meet the needs of all students from novice to advanced storage administrators:

- EVault Agent Management covers the installation and setup of Agents and CentralControl, configuration of the various EVault Agents including SQL and Exchange, and restoration of several different environments.
- EVault Software Management covers the installation and configuration of all parts of EVault Software including Agents, CentralControl, and Vaults.
- EVault Vault Administration covers all topics in the Software Management Module, in addition to advanced features to optimize the Vault.
- EVault DR Workshop provides hands-on, instructor-led recovery exercises with typical operating systems and platforms such as Microsoft Windows Server, Microsoft SQL Server, Microsoft Exchange, Novell Netware, and Red Hat Linux.

Classroom training can be at your facility or ours allowing you to save on travel costs. In addition to better understanding how to manage the EVault solution, you can expand knowledge of different platforms and applications, a requirement for today's ever changing IT environment.

Online Seminars

Our online seminars allow you to get up to speed on various components in 3–4 hour Webex sessions. Each session ends with a recap and the ability to download the training materials, facilitating absorption. Four modules are available on various components so you can quickly gain knowledge on managing the EVault solution:

- EVault Agent: Troubleshooting and Best Practices
- EVault Director Vault: Configuration and Management
- EVault System Restore
- EVault Real Time Protection

EVault Educational Services are part of the EVault Professional Services continuum of services that help you effectively deploy an EVault solution.
